

# Agent Estimated Quarterly Federal Tax Payment

## REALedger™ Add-on

**Good Idea!**  
Increase your  
Agent Service  
Offerings!

Many agents are required to make estimated quarterly payments to the IRS on form 1040-ES and now you can help them do it! With REALedger, you can deduct the estimated taxes from commission payments and pay the IRS on the agent's behalf.

Accounts Payable vouchers are created as part of the Issue Agent Check process. You pay the IRS on your agent's behalf. Single checks are created per Social Security Number. Form 1040-ES coupons can be printed and included with your payment. Nothing could be easier for them.
